

Tajir Tech Hub: Transforming Global Business

Welcome to Tajir Tech Hub, where we're revolutionizing how business connect, grow, and thrive in the global marketplace. Our AI-powered platform and TJRM token simplify cross-border trade, enhance trust, and drive growth for manufacturers, suppliers and sellers worldwide.

The Challenge: Global Expansion Barriers

Product Verification

Ensuring products meet standards and are trusted by international buyers.

Supplier Credibility

Building trust and proving legitimacy in cross-border transactions.

Transaction Complexity

Traditional banking is costly (4-10% fees), slow (2-3 days), centralized, & lacks transparency, especially for international transactions.

Global Connections

Lack of network for expanding into international markets.

Innovative Solutions for Global Trade: A Case Study

For entrepreneurs like Mustafa, a successful Turkish garment manufacturer, dreaming of expanding globally presents a unique set of challenges. While his business thrives locally, selling one million pieces per day, Mustafa lacks both connections and struggles to build trust and prove the authenticity of his products to international buyers.

Key obstacles include:

- Production Verification: Ensuring his garments meet right standards and are trusted by buyers.
- Supplier Credibility: Buyers need assurance that his business is legitimate, especially in cross-border transactions.
- Streamlining Transactions: Avoiding the delays and complexity of traditional banking system for faster, secure payments.

Our Solution: Blockchain-Driven Platform

Product Verification

Blockchain ensures full transparency of products lifecycle, building trust and authenticity.

Supplier / Client Credibility

Secure KYS/KYC process validates businesses, providing assurance to global buyers.

Transaction Complexity

TJRM token enables fast, secure cross-border payments without traditional banking delays

Global Connections

Comprehensive business hub connects entrepreneurs with global network of partners.

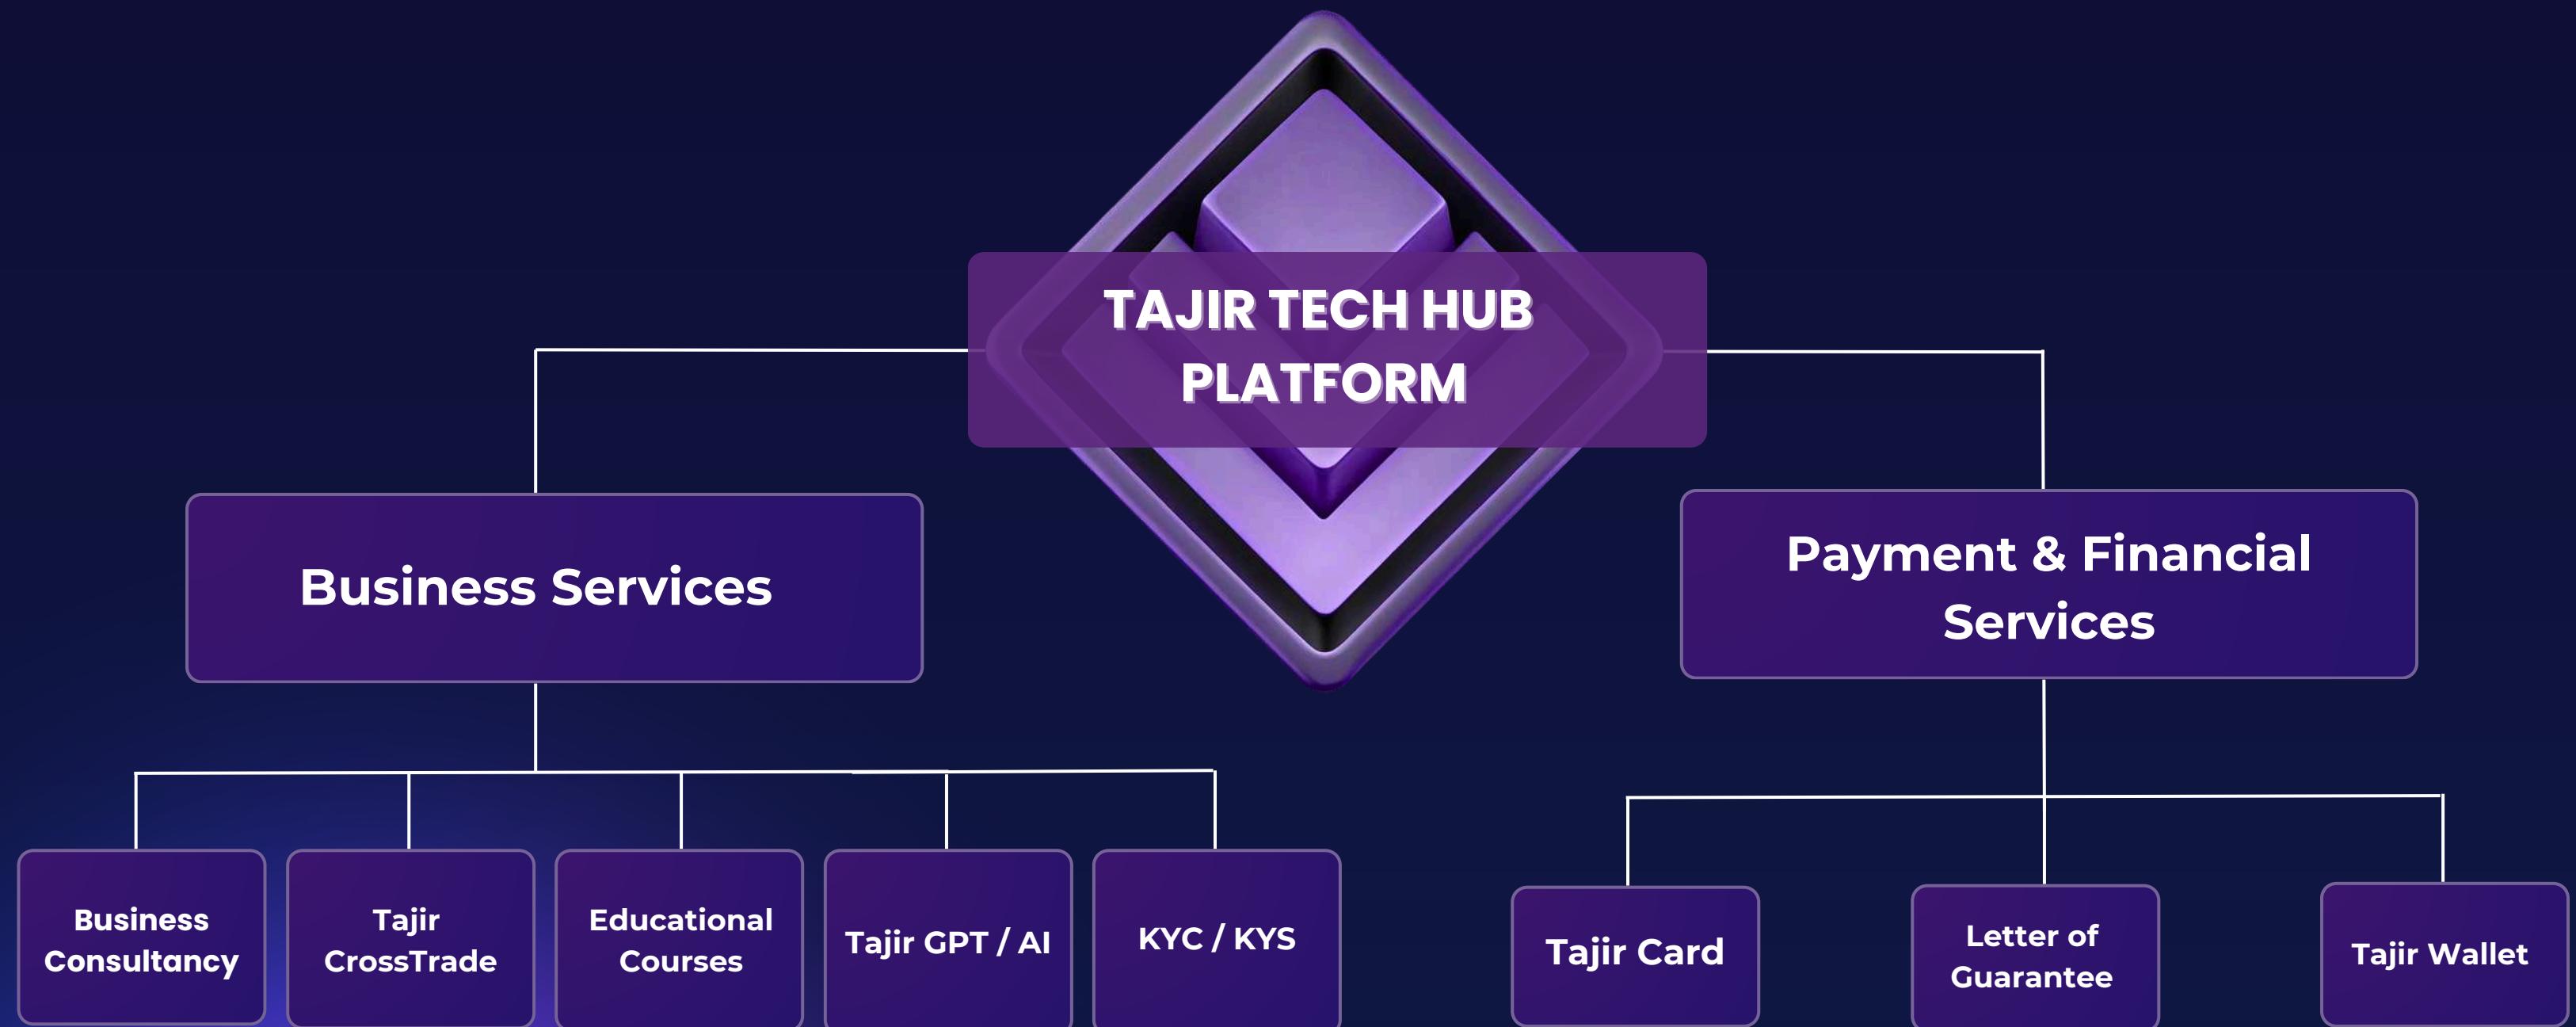

Mission & Vision

To empower traders, manufacturers, and entrepreneurs by providing a seamless, transparent, and trust-driven ecosystem for global commerce, leveraging blockchain technology and the TJRM token to streamline transactions, verify credibility, and build lasting connections between businesses worldwide.

We envision becoming the leading platform that bridges the gap between global markets, enabling businesses to thrive by fostering trust, eliminating barriers, and providing accessible tools for seamless international expansion.

Staking Reward/Loss Sharing System

Simple!

We aim to reward token holders for their support and incentivize long-term engagement by sharing the company's financial outcomes.

Profit Sharing

- 20% of quarterly profits distributed to staked tokens as TJRM.
- Tokens are bought at market price and distributed proportionally.
- Example: \$100,000 profit → \$7,000 distributed to staked tokens → \$0.0008 TJRM per staked token.

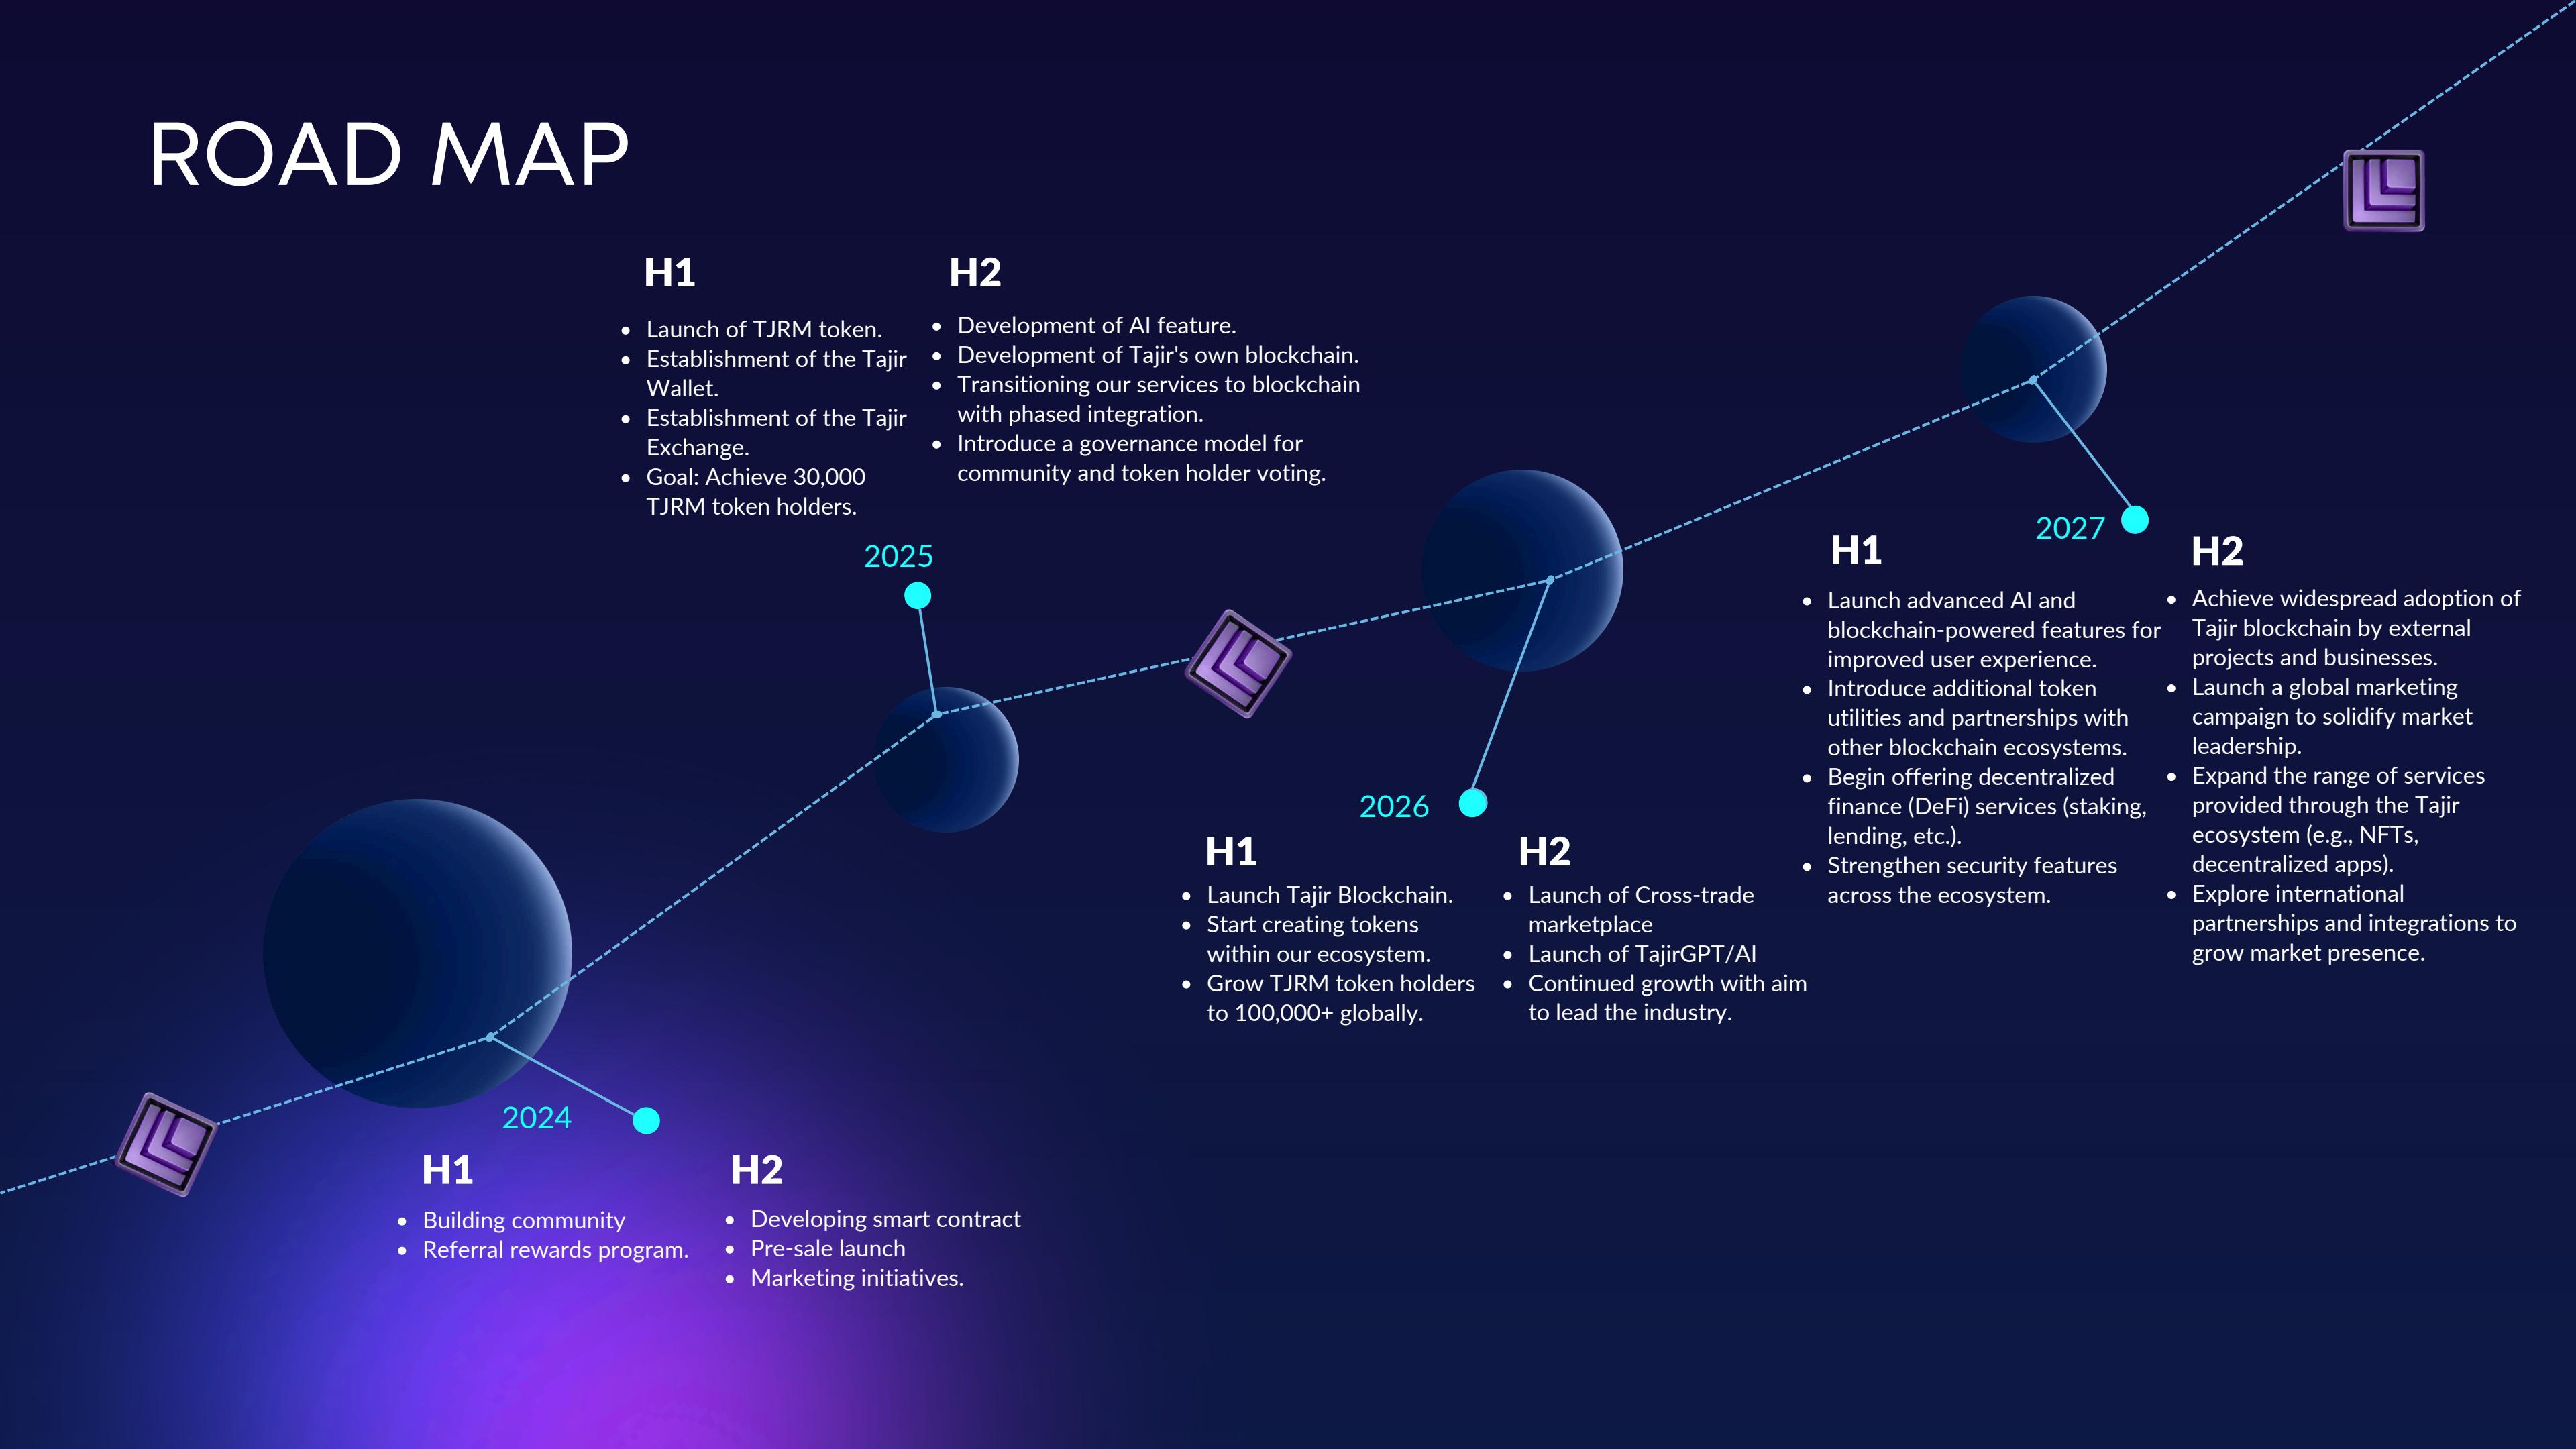

Loss Sharing

- 20% of quarterly losses deducted from staked tokens as TJRM.
- Tokens sold at market price for coverage.
- Example: \$30,000 loss → \$2,100 deducted from staked tokens → \$0.000084 TJRM per staked token.

Reserve Fund

- Holds undistributed profits.
- Used to cover losses or fund new projects (with approval).
